Care Management						
Under Support at Home, 10% of your quarterly budget is allocated for Care Management. Care Management is an essential aspect of service delivery. We work together with you to develop and regularly review your care plan, develop and oversee your budget, coordinate your services, ensure our services are meeting your needs, advocate for you (eg. communicating with health professionals on your behalf), respond to your changing needs and support you to plan for the future.						
Contribution Rates						
Under Support at Home, you may be asked to contribute towards the cost of your services. An income and asset assessment completed by Services Australia will be used to determine your contribution rate. Clinical support services are fully funded by the government whilst Independence and Everyday Living services may require you to pay a contribution. You can estimate your contribution on the My Aged Care website www.myagedcare.gov.au or to understand more about your individual contribution rate, you can contact Services Australia by calling 1800 227 475 .
